SUMMARY

Motivated and certified frontend developer with a strong foundation in HTML, CSS, JavaScript, and React. Skilled in creating responsive and dynamic web applications, with experience in building animation-driven projects and personal frontend solutions. Adept at presenting ideas clearly and collaborating effectively in team environments, as demonstrated through active participation in hackathons and team-based projects. Currently seeking an opportunity to contribute innovative frontend solutions in a professional setting while further honing my skills.

SKILLS

Technical Skills:-

HTML | CSS | JS
REACT | DSA in C++

Non Technical Skills:-

Presentation skill, communication skill, problem solving skills and Teamwork collaboration.

PROJECTS

➤ MOVIE HUB

A React-based movie discovery platform using TMDB API with features like trending movies, trailers, and infinite scrolling.

Tech Stack: React, Tailwind CSS, Axios, Redux Toolkit.

[GitHub](#) | [Live Demo](#)

➤ OBEYS AGENCY CLONE
